# ASEPTIC COMPETENCE CENTER

# OUR ASEPTIC COMPETENCE CENTER - YOUR PARTNER FOR

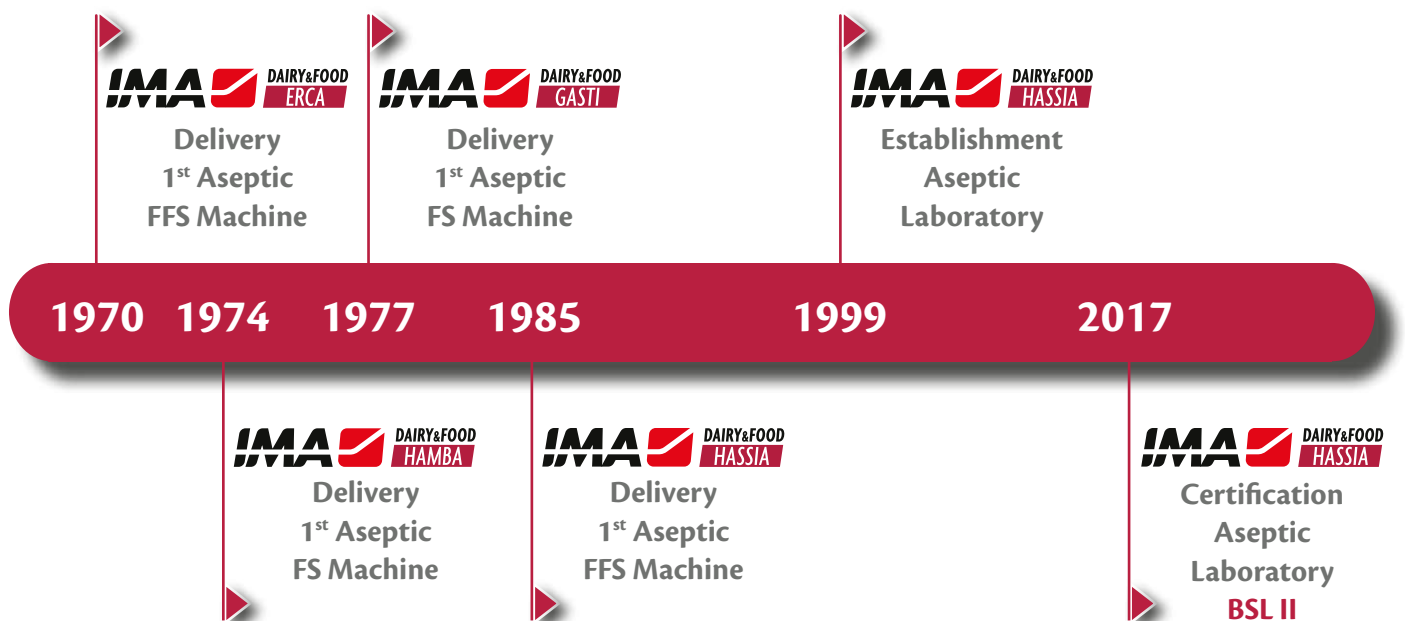

The increased demands of consumers for extended shelf life of sensitive products without the use of preservatives were the reason for IMA DAIRY & FOOD to establish an Aseptic Competence Center at the Ranstadt site.

Our companies can look back on around 50 years of experience in the aseptic sector and we have had our own laboratory since the late 1990s. In order to offer our customers more security regarding aseptic packaging and thus longer shelf life of their products, we have established our Aseptic Competence Center, which enables us to offer a complete solution from the planning and design of a packaging system to approval.

Our interdisciplinary aseptic team has experience in the fields of process engineering, microbiology, food technology as well as hygienic and aseptic filling systems.
